

Class : 6th

Subject : ENGLISH

Topic : "RAIN IN SUMMER". [Poem]

I. Answer the following questions :

1) The poet says it was dusty and hot. What was dusty and hot?

Ans The narrow lane and the broad and fiery street was dusty and hot.

2) What does the rain do?

Ans The rain cools the weather and drives away the dust and heat.

3) Where does the rain water flow?

Ans The rain water flows into the gutter.

4) When do raindrops clatter on the roof?

Ans When there is a heavy downpour.

5) Why does the poet welcome the rain?

Ans The poet welcomes the rain because it will cool the atmosphere and wash away all the dust in the surroundings and clean the air.

II. Rhyming words :

1) rain - lane

4) out - spout

2) heat - street

5) wide - tide

3) roofs - hoofs
